# OUR VALUES

- ✦ We love and respect every human because we value that all people are God's beloved children.
- ✦ We offer teaching that leads to transformation because we value the living wisdom found in the Bible and Holy Tradition, as lived by the Holy Fathers and Mothers of the Orthodox Church.
- ✦ We create a safe place for people because we value honesty, being authentic, and seeking healing without judgement.
- ✦ We practice prayer, compassion, patience, humility, and love because we value experiencing God in worship and in everyday life.
- ✦ We serve and encourage others because we value a community of love and service to Him because Christ came to serve and not to be served.
- ✦ We bring the church into our homes and communities because we value having God at the center of our lives.
- ✦ We nourish each other as we are nourished by God.
